

## ENVIRONMENT POLICY

---

Legend Mining Limited (Legend) is an Australian mining and exploration company with a principal focus on gold and base metals in Western Australia.

Legend believes that responsible environmental management has a positive impact on the Company's success and the sustainability of the business.

Legend is committed to positive environmental management outcomes to maintain and enhance performance, including:

- **Detailed planning** ahead of the commencement of work programs to minimise, or if possible, eliminate any adverse impact on the environment.
- **Selection** of employees and contractors who demonstrate a high-level of awareness and tangible commitment to excellence in environmental management and performance,
- **Collaboration** with local communities to identify concerns, aspirations and any opportunities for improvement.
- **Promotion** of respectful dialogue between employees and contractors to enhance the shared ownership of environmental performance outcomes.
- **Identifies**, assesses and effectively controls any risk to the environment.
- **Provision** of training and information to enable employees and contractors to work in a responsible and respectful manner.
- **Compliance** with all applicable legal and regulatory requirements as a minimum standard including identifying and reporting non-compliance and completing corrective actions.

Our people have a responsibility to ensure our activities are managed in accordance with this policy.
